## 2. INTRODUCTION

Welcome to the estate where privacy, comfort and security are of paramount importance.

Landlord's value system:

- Consideration, tolerance and respect for others;
- Good neighbourliness;
- Aesthetically pleasing environment; and
- Ethos of adherence to the Estate Rules and ensuring that tenants and guests do the same.

## 3. THE DEVELOPER

Century Property Developments (Pty) Ltd is the developer of the property and the estate.

#### 4. THE ESTATE

Bahari Lifestyle Apartments' common facilities consist of amongst others, a swimming pool, play parks, clubhouse, gym, other community facilities, roads and infrastructural services. The estate is enclosed by a solid security wall and electrified fence, with access points controlled through a guarded gate.

#### 5. COUNCIL (Local Authority)

The City of Cape Town Metropolitan Municipality ("City of Cape Town") is responsible for the provision of amongst others, water, sewer, refuse and electricity. Your electricity and water consumption will be payable to the City of Cape Town, landlord or a service provider (as the case may be), depending on the metering system applicable at the time.

#### 6. MANAGEMENT

The estate will be managed by the landlord or the managing agent.

The HOA is a legally registered association which may hold ownership of the common property, to which is assigned the managing and running thereof to the benefit of all tenants and residents. The HOA and its operation are legally bound by its registered memorandum of incorporation, the contents of which are to be incorporated herein by reference (if applicable).

#### 7. SERVICES/FACILITIES

##### 7.1 General

Utility services are provided in good faith by a service provider and in the belief that they will be adequate. Every effort is made by the different authorities and departments to provide their services on a continuous non-stop basis. However, no guarantee is, nor can be given that all services will operate fully throughout every 24 hours year in and year out. Outages do occur and such temporary inconveniences do not empower tenants to reduce required payments to the landlord nor claim damages as a result thereof.

##### 7.2 Security

The estate is covered by contracts between a single security company and the landlord. The developer has provided a high level security infrastructure and arrangements namely a security wall with electrified fence, controlled and guarded access gate.

Access into the estate for tenants, registered domestic staff and other authorized persons is by way of biometrics. Approved visitors access the estate by way of a visitor management system (VMS) installed at the guardhouse.

All access to and from the estate must be by way of biometrics or VMS. Special application for temporary access via biometrics (for a limited period) for guests/occupiers legitimately staying with residents may be made by the responsible tenant to the landlord and a non-refundable deposit may be required to be paid to the landlord.

It must be remembered that there are many persons, other than tenants who, of necessity, have to be on the estate - gardening workers, delivery people, repair servicemen and others. It is therefore obvious that security consciousness should still be maintained at all times.

Security is a shared responsibility. If you wish security to be maintained to the highest level possible, then the co-operation of every tenant is absolutely essential via strict individual compliance with requirements and via sensible awareness at all times. Tenants must report to security any suspicious or unlawful occurrence immediately it is seen or suspected.

Tenants may not employ unknown casuals and/or other categories of casual workers in the estate, but should they occasionally be required they must be recorded in and out at security, given access via the VMS and escorted by the tenant from and to the gate.

Visitors to the estate will be required to use the pre-clearance function on the VMS to gain access. Where visitors arrive unannounced, the guard will inform the visitor to telephone the tenant/occupier being visited in order to seek a pre-clearance code to allow the visitors access to the estate. In the event the tenants/occupiers not providing a pre-clearance code to the visitor, visitors will, of necessity, have to be declined entrance to the estate.

Security is of paramount importance. Every time security protocol is not followed and regulations broken, it makes it easier for criminals and others to do the same.

The gatehouse will be manned 24 hours per day. The security company is appointed by the landlord.

Security personnel have a difficult and unenviable task. Everyone's support and co-operation are expected. Tenants/occupiers should display a positive and supportive attitude towards the security staff.

Every tenant/occupier must also request visitors to adhere to the security protocol and treat security personnel in a co-operative and courteous manner.

Should the tenant's rental be in arrears, the landlord reserves the right to immediately deactivate biometric access without notice, until all arrear rental is paid. Furthermore, and in such an event, all visitors of the tenant will also be denied access until the said rental is paid.

Every tenant/occupier must also ensure that employees in his or her employ adhere specifically to the security stipulations contained herein. Anyone not adhering to the security regulations will be denied access to the estate.

Domestic staff and others must enter in accordance with the designated security provisions in force at the time of entry.

All or any attempted burglaries, any boundary wall or fence climbing and indeed any act of a suspicious nature must immediately be reported to the security gate.

### 7.3 Domestic Workers

Every domestic worker prior to being engaged to work in the estate must be registered by the tenant with security and be activated for biometric access. When a domestic employee is discharged, the tenant must immediately inform the estate manager and security to allow cancellation of the biometric access.

### 7.4 Garden Maintenance

The estate is laid out to a properly planned and horticulturally designed theme. All common area gardens and open spaces, islands in the roadways, water features and walking trails are maintained by the gardening contractor who is appointed by the landlord.

Maintenance of enclosed gardens will be carried out throughout the estate by a contractor appointed by the landlord. The level of maintenance to enclosed gardens as carried out under the landlord's jurisdiction is of a basic general nature only (if applicable).

It should be noted that trees and shrubs, etc., may not be cut down or removed under any circumstances whatsoever without the landlord's prior written consent.

## 8. ESTATE RULES

The purpose of these Rules is to promote and protect all tenants' rights to fully enjoy the benefits of amongst others the recreational amenities of the estate. A clear understanding and observance of these Rules is essential to the wellbeing of the tenants/occupiers and smooth operation of the facilities and recreation areas of the estate.

With regard to the interpretation of these Rules, the decision of the landlord is final and binding.

Tenants are reminded that it is their responsibility to ensure that all of their invitees, guests, family members and employees comply with all the Rules and any contravention of the Rules by the aforesaid, shall be deemed to constitute a contravention by the tenant.

It is understood that each tenant will be responsible (financially and otherwise) for the conduct of his/her visitors, guests, family members and employees in the estate at all times.

The Estate Rules (as may be amended from time to time) form an integral part of the lease agreement concluded between the landlord and tenant.

### 12.3 Use of Roads and Open Spaces

Each tenant is hereby granted an irrevocable, non-exclusive right to use the roads and open spaces subject to the provisions of this document and all rules promulgated by the landlord from time to time. It is solely for tenants, their family members and guests. It is not for the benefit of members of the public at large, and terminates automatically upon a tenant no longer renting a unit from the landlord. The payment of the once off short notice charge (which shall deem to constitute a reasonable cancellation penalty fee as contemplated in Section 14 of the Consumer Protection Act, 68 of 2008) shall not affect any other rights which the landlord may have against the tenant as a result of the said termination or cancellation and with specific reference to the landlord's claim for amongst others the loss of rental in respect of the remainder of the period until the termination date of the lease agreement.

12.6.2 The tenant acknowledges that all moveable assets in the unit are subject to a general lien for any monthly rentals and other amounts owing to the landlord by the tenant. 12.6.4.1 First, to pay the costs of and associated with the sale or disposal of the moveable assets (including the cost incurred with respect to any valuation, legal costs, collection fees and as may in any other manner have been incurred by the landlord by exercising its rights and/or enforcing its remedies in terms of the lease agreement or at law);
